		(10)	He can play cricket.		

5 Read the following passage carefully make to the questions and answer the questions given below:

All success stories are stories of great failures. The only difference is that every time they failed, they bounced back. This is called failing forward rather than backward. You learn and move forward learn from hour failure and keep going.

Let me share a famous life history with you. This was a man who failed in business at the age of 21, was defeated in a legislative race at age 22, failed again in business at age 24, held his sweetheart die when he was age 26, had a nervous breakdown at age 27, lost a congressional race at age 34, lost a senatorial race at age 45. Failed in an effort to become vice-president at age 47. Last a senatorial race at age 49 and was elected president united states at age 52, this man was Abraham Lincoln. Successful people don't do great things. Then only do small things in a great way.
