Dear Prospective Applicant,

MKMG LL.B. College invites you to build your career in one of the popular career choices since a long time

From writers to politicians to freedom fighters, lawyers have done many hats. Mahatma Gandhi, Dr. Rajendra Prasad, Faraz Kafka, and Abraham Lincoln - all these were lawyers. India is a country with one of the highest litigation rates among its population and Sir Ivor Jennings termed the Indian Constitution "a lawyers paradise". Talented lawyers will never have to worry about their income. I wish all the students pursuing law, a very fruitful experience
